WSSA President

JAY SLAGOWSKI

Hello again fellow snowmobilers and Happy Halloween to all of ghosts, goblins and Witches out there. Fall has definitely hit the high country across the state and fall harvest is in full swing for most of us. Many places have seen their first skiffs of snow and winter is just around the corner.

The WSSA had its fall directors meeting in Dubois on Sept. 19; it was well attended by all of our directors and memberships from across the state. A couple of the highlights that were discussed were the two grants we have been awarded from ISMA and BRP

The ISMA grant has been ear marked for helping sponsor youth riding events, safety initiatives and riding responsibly and the BRP SNOWPASS grant is a safety initiative that will be accomplished by working in partnership with four local snowmobile clubs who will assist with new or upgraded ARE YOU BEEPING? sign installation. This project will also include our partners at the Wyoming State Trails Program who will provide any additional funding and field support needed as well as help with Beacon Station upgrades and/or new installations. All of the proposed Project work is scheduled for the 2026-27 snowmobiling season.

Our Trailhead Locations include:

1. New Beacon Sation installation: **Ham's Fork Trailhead** in the Wyoming Range; Sublette County; Club partner: Lincoln County Snow Bears
2. Beacon Station upgrade: **Moccasin Basin Trailhead** on Togwotee Pass; Fremont County; Club partner: Dubois Sno-Katters
3. Beacon Station upgrade: **Togwotee Mountain Lodge state-maintained public parking area**; Teton County; Club partner: Jackson Hole Snow Devils
4. New Beacon Station installation: **Willow Creek Trailhead** near Thayne, WY; Lincoln County;

The WSSA Snowmobile Raffle to support ACCESS WY and the WSSA Outreach program has officially hit the street so be sure get those tickets while they last.

After the meeting concluded much of the group loaded up in UTVs and ATVs to take a ride in the upper Wind River country and visit a few of the local businesses in the area for snacks and beverages. Special thanks to everyone for volunteering their time to attend the meeting and for all of those folks that help host the ride. It was a great day!

To close things out, thanks again to all of the clubs and businesses for all that you are doing in your communities across Wyoming. It's very inspiring to see all of your efforts that support snowmobiling.

Always look ahead,
Jay Slagowski, WSSA President

WSSA Secretary/ Treasurer

SUNNY MADDEN

Hello everyone! Happy October! I am very excited to see snow in the forecast for later this week. The snow can't get here soon enough after that spicey summer! We had a great fall meeting in Dubois and had a blast exploring the surrounding mountains after the meeting.

I have a lot of raffle tickets for the Visa Gift Card raffle left over. Please let me know if you need some mailed to you or your club to sell. This is a great fundraiser for your club because each club gets back 50% of the money that they sell in ticket sales. There is no cost to the clubs, so this is a fantastic opportunity.

I also have 2026-2027 Associate and Business member stickers. I can mail those out, just let me know how many your club needs. These are a great way for those businesses who support us to show off their membership.

Raffle tickets for this year's snowmobile raffle are selling fast! If you want to buy one, but don't know who to ask, please let me know. I can point you to those who have tickets left. We are selling 350 tickets this year for $100 each. Thank you to Borderline Powersports for supplying the sled and to 3C Guiding for supplying the 2nd place avy pack and gear!

Please email it to me at wssasunny@gmail.com with any questions or updates. Hope you all have a Happy Halloween!

Deadline for the next Wrangler will be Nov. 9!
Please send all news and advertising to stan@sundancetimes.com

Lincoln County Snowbears

Lincoln County Snowbears Stay Busy All Summer Long

The Lincoln County Snowbears may have snow in our name, but our club doesn't slow down when winter ends!

The Snowbears are a year-round club, and our members enjoyed another fun summer filled with rides, outdoor adventures, and plenty of time spent together.

One of the highlights of our summer season was our annual Summer Fun Run. The event brought riders together for a day on the trails, good company, and plenty of fun. Events like the Fun Run are an important part of our club because they give members, families, and friends another opportunity to get outdoors and enjoy riding together even when there isn't snow on the ground.

We want to thank everyone who joined us for our summer activities and everyone who helped make our rides and events possible. The continued support of our members, volunteers, local businesses, and community is greatly appreciated and helps keep the Lincoln County Snowbears going strong throughout the year.

The Snowbears are also excited to share some great news about our ongoing club projects! Through the generosity of donations, grant funding, and our fundraising efforts, the club has successfully purchased three beacon check stations. These stations are an important investment in snowmobile safety, helping riders check their avalanche beacons before heading into the backcountry. We are extremely grateful to everyone who helped make this accomplishment possible.

With that project successfully funded, our next goal is to raise funds for a new, larger warming shelter to replace the existing shelter in the Big Park area. This improvement will provide a more comfortable gathering place for riders and outdoor enthusiasts to warm up, take a break, and enjoy the beautiful surroundings. We look forward to continuing our fundraising efforts and working with our community to make this project a reality. Every donation and contribution brings us one step closer to reaching our goal.

Now that summer is behind us and cooler weather has arrived, our attention is beginning to turn back toward snowmobile season. We are looking forward to seeing some snow in the mountains and another winter filled with riding, club activities, and time spent on the trails.

We are also pleased to announce that the date has been set for our Annual Polar Run on Sat., Feb. 27, 2027! This popular event is always a highlight of our winter season, bringing riders together for a day of outdoor adventure, friendly competition and great company. Be sure to mark your calendars and watch for additional details as the event gets closer.

Whether you enjoy snowmobiles, side-by-sides, four-wheelers, motorcycles, or simply spending time outdoors with a great group of people, we invite you to get involved with the Lincoln County Snowbears.

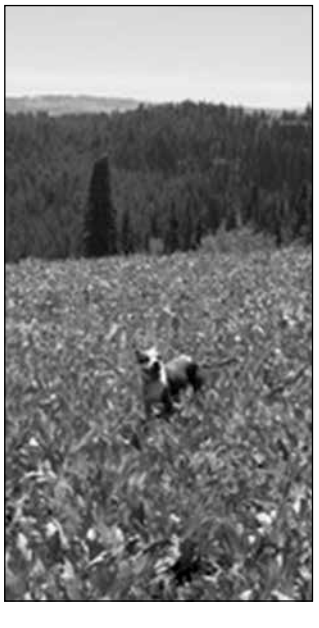

Be sure to watch the Lincoln County Snowbears Facebook page for updates on upcoming rides, events, meetings, winter activities and fundraising opportunities.

For more information or to get involved, contact Ron Dillree at 307-679-4702 or Kevin Gentry at 307-723-8589.

Jackson Hole Snow Devils

COURTNEY HODGES RUDDAT

Greetings, Snowmobilers!

The leaves are beautiful, but they're disappearing quickly, and that favorite "S" word we love to hear is starting to appear in the forecast!

The Snow Devils kicked off the 2026-2027 winter season with our first club meeting. It was great to see new faces joining the club and to catch up with old friends we don't get to see much during the summer months.

At the meeting, our club received an update on the snow gun project, which has been in the works since spring. Our members were very happy to hear about its success, and even more excited to learn that the snow guns are ready to start working as soon as the temperatures are right!

We also held our fall highway cleanup on Oct. 3. Thanks to the help of our members, we were able to clear our section of highway of trash that had accumulated over the summer months. Thank you to everyone who showed up and lent a hand. Every little bit helps!

We look forward to what the rest of the season has to offer, with hopes of lots of snow ahead.

Happy Thanksgiving to everyone! Ride safe, and we'll see you on the trail soon!

Cody Country Snowmobile Association

BERT MILLER

Hello Snowmobilers!

Firewood has been cut for the Safety Shelter and it has been stocked for the upcoming season. We also did some cleaning and it has been taken up to its winter home at the Island Lake Campground. We staged the shelter as well and will only need to unlock it likely sometime in late November. We also marked the campground with yellow markers around the campground gates, the dumpsters and bear boxes.

Thank you to all who were able to help out, we had a great crew, and all the tasks were easily done.

Special thanks to the Nielson family for allowing us to cut wood on their property and helping us out. We had three or four chain saws and two wood splitters. Also thank you to Ed Higbie for bringing his skid steer to help move the logs. Take a look at the pictures and you will see how helpful that was. We can't imagine not having this type of equipment to help get the job done. Lynn Lamb of Little Rock, thank you for using your Semi to move the Safety Shelter!

Mark your Calendars:

- Back Trail Cleanup - Sunday October 25th, meet at 10am at the Pilot Creek parking area
- CCSA meeting - November 11th (this meeting will be the second Wednesday in November due to a conflict for the Holiday Inn),
- CCSA meeting - December 2nd

You can have dinner at the CCSA meetings, order off the menu. Meetings are at the Holiday Inn.

Your Officers for the season:

- President – Bert Miller
- Vice President – Vacant
- Treasurer – Jamie Alexander
- Secretary & Membership – Brenda Miller

Directors:

- Bert Miller 899-3419
- Lynn Lamb 272-8837
- Eric Alexander 899-1979
- Tim Erz 899-3083
- 1 Vacancy

If you would like to serve CCSA, please contact one of our directors.

The Beartooth Highway has been closed for the season. However, you may still be able to take a drive up the Chief Joseph Highway to look at the fall colors.

PS: Let's all start doing the snow dance!

Sweetwater Snowpokes

Club Representative Report

GEORGE PRYICH

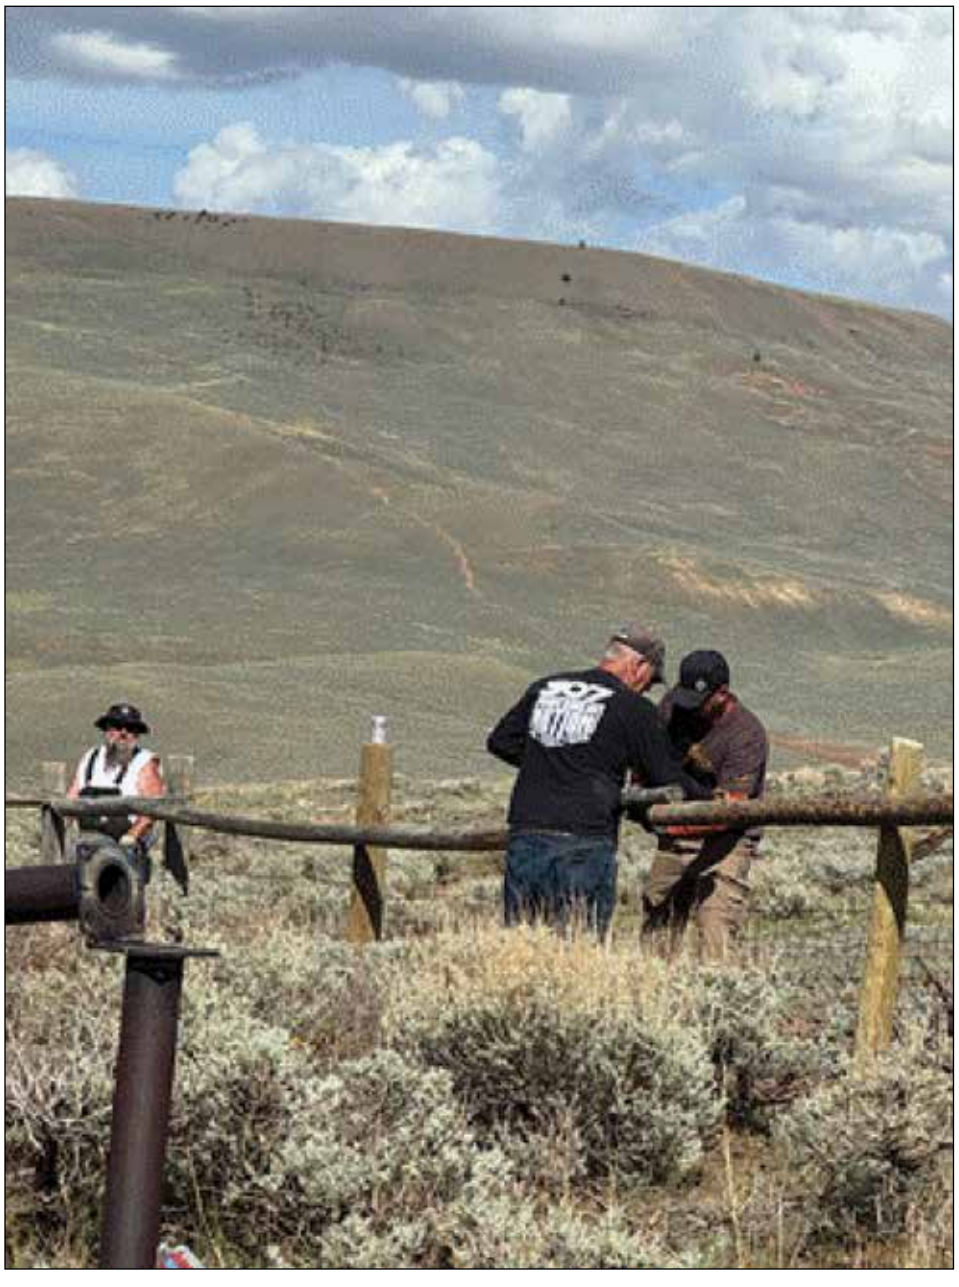

Greetings from western Wyoming. Thanks to all who participate in the monthly meetings and planning for events or work days throughout the year.

The fall meeting in Dubois was a productive – caught up with each other and our club activities, lots of business addressed, with good discussions. Thank you to our Dubois hosts.

The tickets are out for the Skidoo sled and two other great prizes with the proceeds going to the WSSA Outreach program for youth. Contact your director for tickets.

Remember to perform a pre-season check of your snowmobile(s) and purchase and attach snowmobile permits on your machine before you go riding. Stay safe and hope to have snow to ride throughout the season!

Club Report

ANGELINA PRYICH

The Snowpokes participated in the local National Public Lands Day volunteer activity coordinated by the Bureau of Land Management in Sweetwater County. The club participants shared that they, other community volunteers, and BLM staff worked all day. The Tri-State Marker (where Colorado, Utah, and Wyoming meet) was in need of maintenance. The three flag poles were adapted to be easier to replace the flags, the fence protecting the Marker from wildlife.

The Snowpokes will participate in the 2026 Lighted Holiday Parade in downtown Rock Springs on Dec. 5. Thank you Rock Springs Chamber of Commerce!

The next Snowpokes meeting is on Nov. 3 at the Holiday Inn, Rock Springs.

FROM THE SNOWPOKES FACEBOOK PAGE:

We often get asked, "What do we do other than our fun rides and monthly meetings?" But the truth is, there is so much more that happens behind the scenes that you may not always see.

One thing that we are always proud to be a part of is taking care of our two local safety shelters. When you're out in the mountains, weather and conditions can change quickly. These shelters provide a place where riders can stop and warm up, get out of the weather, or simply stop and have some lunch. More importantly, they provide a safe place to take shelter when conditions don't go as planned.

Throughout the year, we help keep them ready for the next season by cutting and stocking firewood and ensuring that essential supplies such as matches, lighter fluid, and toilet paper are available.

We recently spent some time doing maintenance at both safety shelters to ensure they are ready for the upcoming winter. It might not be the part of being a snowmobile club that gets the most attention, but it's something we are proud to do. You never know when a rider may need to use one of these shelters, and we want to make sure it's there, stocked, and ready when they do.

So while you'll definitely see us out enjoying the trails and having fun, there's also plenty of work happening behind the scenes to help take care of our trails, our shelters, and our riding community.

Lots more photos and information are available on the Snowpokes Facebook page at https://www.facebook.com/Snowpokes/.

Rev It Up Girls

Giving Back, Building Friendships and Gearing Up for Winter

September was a month of hard work, adventure, and making memories for Rev It Up Girls! As we transition from summer adventures into another exciting snowmobile season, our club continues to focus on what brings us together: empowering women, building lasting friendships, giving back to the backcountry, and strengthening the snowmobile community.

GIVING BACK AT BOX Y

One of our biggest highlights in September was our Box Y Service Project and Overnight Retreat in the beautiful Greys River area of Wyoming.

Our crew gathered at the Greys River Trailhead before heading into Box Y for a weekend dedicated to stewardship, teamwork, and adventure.

The ladies rolled up their sleeves and got to work processing firewood, helping care for a place that means so much to the outdoor recreation community. It was a great reminder that enjoying our backcountry comes with a responsibility to help preserve and maintain it for future generations.

But the weekend wasn't all work!

After completing our service project, some participants headed home while others stayed overnight to enjoy a little time off the grid. With no electricity or Wi-Fi, it was the perfect opportunity to disconnect from everyday distractions and reconnect with each other.

Between exploring the area, sharing stories, relaxing, and enjoying a watercolor painting opportunity offered by Painted Tails, the weekend provided a wonderful balance of hard work and fun.

Most importantly, it reinforced something we strongly believe in at Rev It Up Girls: Stewardship isn't just about maintaining the places we ride. It's about building a community of people who care enough to give back.

A huge thank you goes out to every woman who participated and helped make this project a success!

BOARD MEMBER SPOTLIGHT: MEET NATALIE ZUECH, TREASURER

Family, Fitness, Adventure and a Passion for Empowering Women

This month, we're excited to introduce Natalie Zuech, Treasurer of Rev It Up Girls, whose love for the outdoors, adventurous spirit, and passion for helping women succeed make her a wonderful addition to our leadership team.

Natalie is a happily retired wife, mother of two boys, and proud nana to six grandchildren. Family is at the heart of everything she does, and some of her favorite memories come from sharing her love of the outdoors with her grandkids. Whether they're hunting, fishing, camping, riding side-by-sides, or snowmobiling, Natalie is passionate about introducing the next generation to outdoor adventures.

When she isn't exploring the mountains, you'll likely find her at CrossFit, where she works out nearly every day. She also enjoys traveling, discovering new places, and experiencing different cultures.

But if there's one adventure that truly has her heart, it's snowmobiling!

Natalie rides a Ski-Doo 850 Turbo and loves spending time in the backcountry. Beyond the thrill of riding, she finds tremendous joy in helping other women develop their skills, build confidence, and discover just how capable they really are.

For Natalie, snowmobiling isn't just about conquering challenging terrain. It's about the friendships, encouragement, and unforgettable experiences that come from riding alongside other women.

As Treasurer, Natalie is excited to help Rev It Up Girls continue creating opportunities for women to step outside their comfort zones, challenge themselves, and build lasting connections through adventure.

In Natalie's own words:

"I'm always up for an adventure and love trying new things. I'm excited to serve on the Board of Rev It Up Girls and especially excited about creating opportunities for women to get outside, challenge themselves, have fun, and make lasting friendships."

She adds:

"I can't wait to meet you and hopefully share a ride—and a few laughs—with you along the way!"

We're thrilled to have Natalie serving on our board and look forward to the energy, experience, and enthusiasm she brings to the Rev It Up Girls family!

REV IT UP GIRLS MONTANA: GROWING OUR SNOWMOBILE FAMILY

While September was filled with stewardship and adventure, we're also looking ahead to an exciting season for our Montana chapter.

Rev It Up Girls Montana is continuing to grow, creating opportunities for women of all riding abilities to connect, gain confidence, and become more involved in the snowmobile community.

Following our official recognition as a club by the Montana Snowmobile Association in 2026, we're excited to

continue building relationships with local clubs, supporting the snowmobile community, and introducing more women to the sport.

We believe that getting more women involved in snowmobiling starts with creating a welcoming environment where questions are encouraged, friendships are formed, and everyone feels like they belong.

Whether someone is an experienced backcountry rider, just learning to ride, or interested in getting involved for the first time, there's a place for them in our community.

UPCOMING EVENT: MONTANA MEET & GREET PINT NIGHT

We're excited to announce that Rev It Up Girls Montana is partnering with Bar 3 BBQ for a Meet & Greet Pint Night! Friday, November 6, 2026, 6 p.m., Bar 3 BBQ, Belgrade, Montana.

This casual evening will give riders, supporters, and anyone curious about our club the opportunity to meet our board members, stewards, and fellow snowmobile enthusiasts.

We'll be sharing information about upcoming rides, events, and opportunities to get involved while enjoying great BBQ, cold drinks, and plenty of snowmobile conversation.

You don't need to own a sled or have any riding experience to attend. Everyone is welcome, and we encourage people to bring their friends, families, and riding buddies!

We hope this event helps introduce new faces to our growing snowmobile family and builds excitement for the upcoming winter season.

LOOKING AHEAD TO WINTER

As the temperatures begin to drop and the mountains prepare for snow, we're excited about everything the upcoming season has in store.

Our goals remain focused on encouraging more women to experience the backcountry, promoting responsible riding and education, supporting trail stewardship, and building strong relationships with fellow clubs and organizations throughout Montana and Wyoming.

We also look forward to continuing our work alongside the broader snowmobile community to help protect access to the places we love.

To everyone who has supported Rev It Up Girls, volunteered their time, attended an event, or encouraged another woman to get involved—thank you!

We're proving that snowmobiling is about so much more than the miles we ride. It's about the friendships we build, the places we protect, and the next generation of riders we inspire.

SAME TRAILS. STRONGER WOMEN. WILDER ADVENTURES.

Follow Rev It Up Girls on Facebook to learn more about upcoming events, club activities and ways to get involved.

Big Horn Sno Goer & ATV Club

LYNDA SCHATZ

Hello all snow-mo-goers! We are off and running with a new season right around the corner.

Our first meeting was held Oct. 8. Elections were held. Angie Leary- President, Josh Keller - Vice President, Angie Leary - Secretary and Lynda Schatz - Treasurer.

Plans are being made to take the Safety Shelters in the end of October – first of November – weather watching. Firewood will be taken care of as needed. I'm sure there will be ample help for this endeavor.

We are looking forward to hopefully a "better" sledding season than last year.

Casper Snow Gypsies

BECKY THORNE

Hello from Casper! Shelters have been stocked and repairs have been done! Thank you to our volunteers. Wood was stocked in all three shelters so they are ready for the snow!

Our club meetings are the second Thursday of the month. We meet at 6 p.m. at Pizza Ranch.

We are planning our annual Bingo Night and Christmas Party so watch for those dates. These are always a great time to just have a night of fun with the family. Presidents Day Weekend is our annual club ride. Destination to be determined. Once snow flies will be able to plan Poker Runs and maybe a night ride.

Let it Snow!

Lander Snow Drifters

DEBBIE FORTON

Hello everyone from the Lander Snow Drifters. Our club is ready for a good year of riding the trails. Time to get the truck full of gas, and the sleds are going to need a fresh tank of gas also. When you enjoy snowmobiling like all of us, then you are excited to get ready to ride the trails. We are looking forward to more snow then we got last year, so we have been practicing our snow dance. I will give you an update on the trails when I have a chance to talk to the crew that helps us with that.

The Lander Snow Drifters have our first meeting starting in October. We meet at the OxBow Resturant on the second Thursday of the month. During our first meeting we will be taking care of membership and also have a list of business that we can contact and have them become members too. We also like to make a list of rides for the season. Which usually includes full moon rides and just a chance to get together and enjoy the sport of snowmobiling. And the club will also make plans for avalanche safety training.

Our club also encourages young men and women to join us at the meetings or just enjoy riding the trails with them.

Fall brings a chance to head to the mountains and enjoy the changing colors. And this year it has been beautiful. We have only had one day of frost in the morning and then all the gardens were done growing. And it seems so hot for the month of October, so I am looking forward to some cooler weather. So I say let it snow, let it snow!

HOLLY SINCLAIR

Hello Snow Lovers!

Four of our club members made it to the WSSA Fall Meeting this year, and wow — what a blast. Three of us joined the group ride on Union Pass, soaking in those Wyoming views with State Trails and WSSA members. We even squeezed in a day of exploring outside Dubois to check out the petroglyphs.

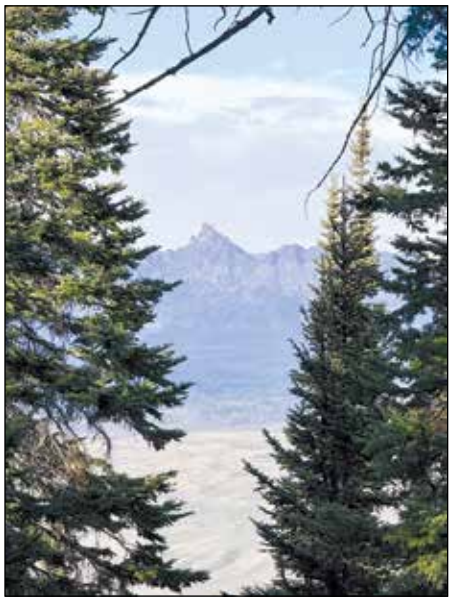

One of the best parts of WSSA's fall meeting is that it lands in a new town every year. New trails, new scenery, new adventures – and always great people. There's plenty of room for more volunteers to protect what we love, so come join us for a meeting or a ride.

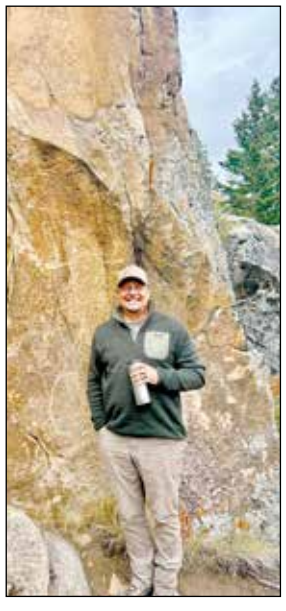

BINGO is in full swing; our first one of the season was well attended and had two BIG 300-dollar payouts! We host BINGO the first and third Fridays of the month with the American Legion Post 46. You can find more info on our Facebook page to join in the fun!

Happy fall,

Holly Sinclair

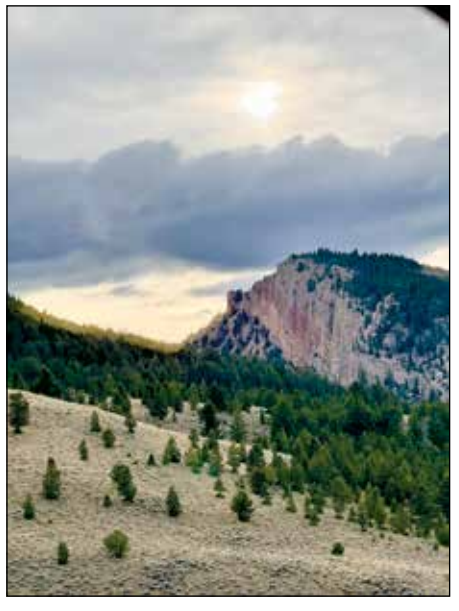

Deadline for the next Wrangler will be Nov. 9!

Dubois Sno-Katters

CALLIE SLAGOWSKI

Hello from the Dubois SnoKatters!

We hope you've all enjoyed a wonderful summer and that fall is treating you well. The colors around Dubois have been absolutely stunning, and many of us have been making the most of the season out hunting and spending time outdoors. As a club, we're gearing up for the months ahead. Membership collection has already begun, and we'll be putting some TLC into our safety shelters – restocking wood, doing maintenance, and making sure everything is ready for winter. With the weather starting to turn, excitement is building. It's about time to start prepping those snowmobiles and getting ready for another great season. Here's hoping we see that white stuff piling up soon!

Star Valley Sno-Skippers

Wood, Warmth & Winter Plans: Sno-Skippers Gear Up for the Season!

PATRICIA NAUMOFF

Before we fire up the sleds, we've got to help keep the warming hut fired up!

On Oct.r 10, the Star Valley Sno-Skippers rolled up their sleeves for our annual wood-gathering day to restock the Poison Meadows warming hut. It was a great day of teamwork, good company, and a successful load of wood—all in preparation for the winter adventures ahead.

Anyone who has stopped at a warming hut on a chilly ride knows how welcome that warmth can be. Getting the wood ready is one of those behind-the-scenes club traditions that makes a difference when snow season arrives. A big thank-you to everyone who pitched in! Every helping hand helped turn a day of work into a day of fun.

And stocking the hut isn't the only thing getting us excited this season…

WHAT'S NEXT FOR WSSA FUN DAYS?

The dates are set – March 5-7, 2027 – and the Star Valley Sno-Skippers are busy bringing the plans together for WSSA Fun Days in Afton!

Next on the docket: our Oct. 19 planning committee meeting, where we'll continue working through the details to welcome our fellow riders to Star Valley. We know the itinerary and lodging options are high on everyone's list, and we'll begin sharing those updates after the meeting as arrangements are confirmed.

Keep those calendars marked, round up your riding buddies, and stay tuned. We're excited to put some Star Valley hospitality into a weekend worth the trip!

LET'S GET THE SEASON STARTED

Our first official club meeting of the season will be Mon., Nov. 2, at 7 p.m. at the Afton Volunteer Fire Department.

Serving the Star Valley and Afton area, the Sno-Skippers follow a seasonal meeting schedule, gathering on the first Monday of each month, November through March, at 7 p.m. Our regular meetings follow the riding season, but as our October wood day proves, winter preparations begin well before the snow flies!

Whether you're a longtime member, new to the valley, or simply looking for people who get just as excited about a snowy forecast as you do, come join us. With a new riding season ahead and Fun Days coming to town, this is a great time to get involved.

The wood is gathered, the plans are taking shape, and now we're ready for Mother Nature to do her part. Bring on the snow!
